V = TESTED, COMPATIBLE X = TESTED, NOT COMPATIBLE

DISCLAIMER

At Dubatti, safety comes first. A wide range of car seats fit on Dubatti strollers, but only after Dubatti tested the compatibility, compatibility will be claimed. Compatibility in this case means Dubatti tests the selected car seats in combination with the Dubatti strollers for proper fit, secure attachment and good stability, in accordance with European safety standards (EN 1888). The results of the performed tests only provide information about compatibility. Dubatti has not conducted any durability or fatigue tests on the car seats itself and Dubatti does not guarantee the 'safety' of the car seat itself when placed on Dubatti strollers. Dubatti is not responsible for the performance, operation, safety or anything else related to the car seat itself when it is placed on Dubatti strollers. Do you have a car seat that's not on this list? In that case, Dubatti cannot guarantee compatibility and this car seats do not to be used on Dubatti strollers. Do you have any questions? Please contact your Dubatti reseller.
